RESCHEDULED MEETING

March 23, 2011

RE: General Plan Amendment
Murdock Connector (East/West Corridor Alignment)
(GP-11-01)

Dear Sir or Madam:

The Highland City Council is requesting to amend General Plan Recommended Transportation Network Map to show the alignment of the Murdock Connector. The Murdock Connector provides an east/west corridor connecting the North County Boulevard (4800 West) at the Harvey Boulevard alignment in Cedar Hills to the Alpine Highway (SR 74) at the 9680 North alignment in Highland.

The Highland City Council will hold the following public hearings on Tuesday, April 19, 2011 at 7:30 PM, or as soon as possible thereafter, to receive public comment regarding the proposed amendment. Highland City would like to invite you to provide any information for consideration by the City Council regarding the impacts the amendment may have on existing or planned uses in the area.

You are receiving this notice because records from the Utah County Assessor's Office indicate that you are an adjacent property owner or an affected entity.

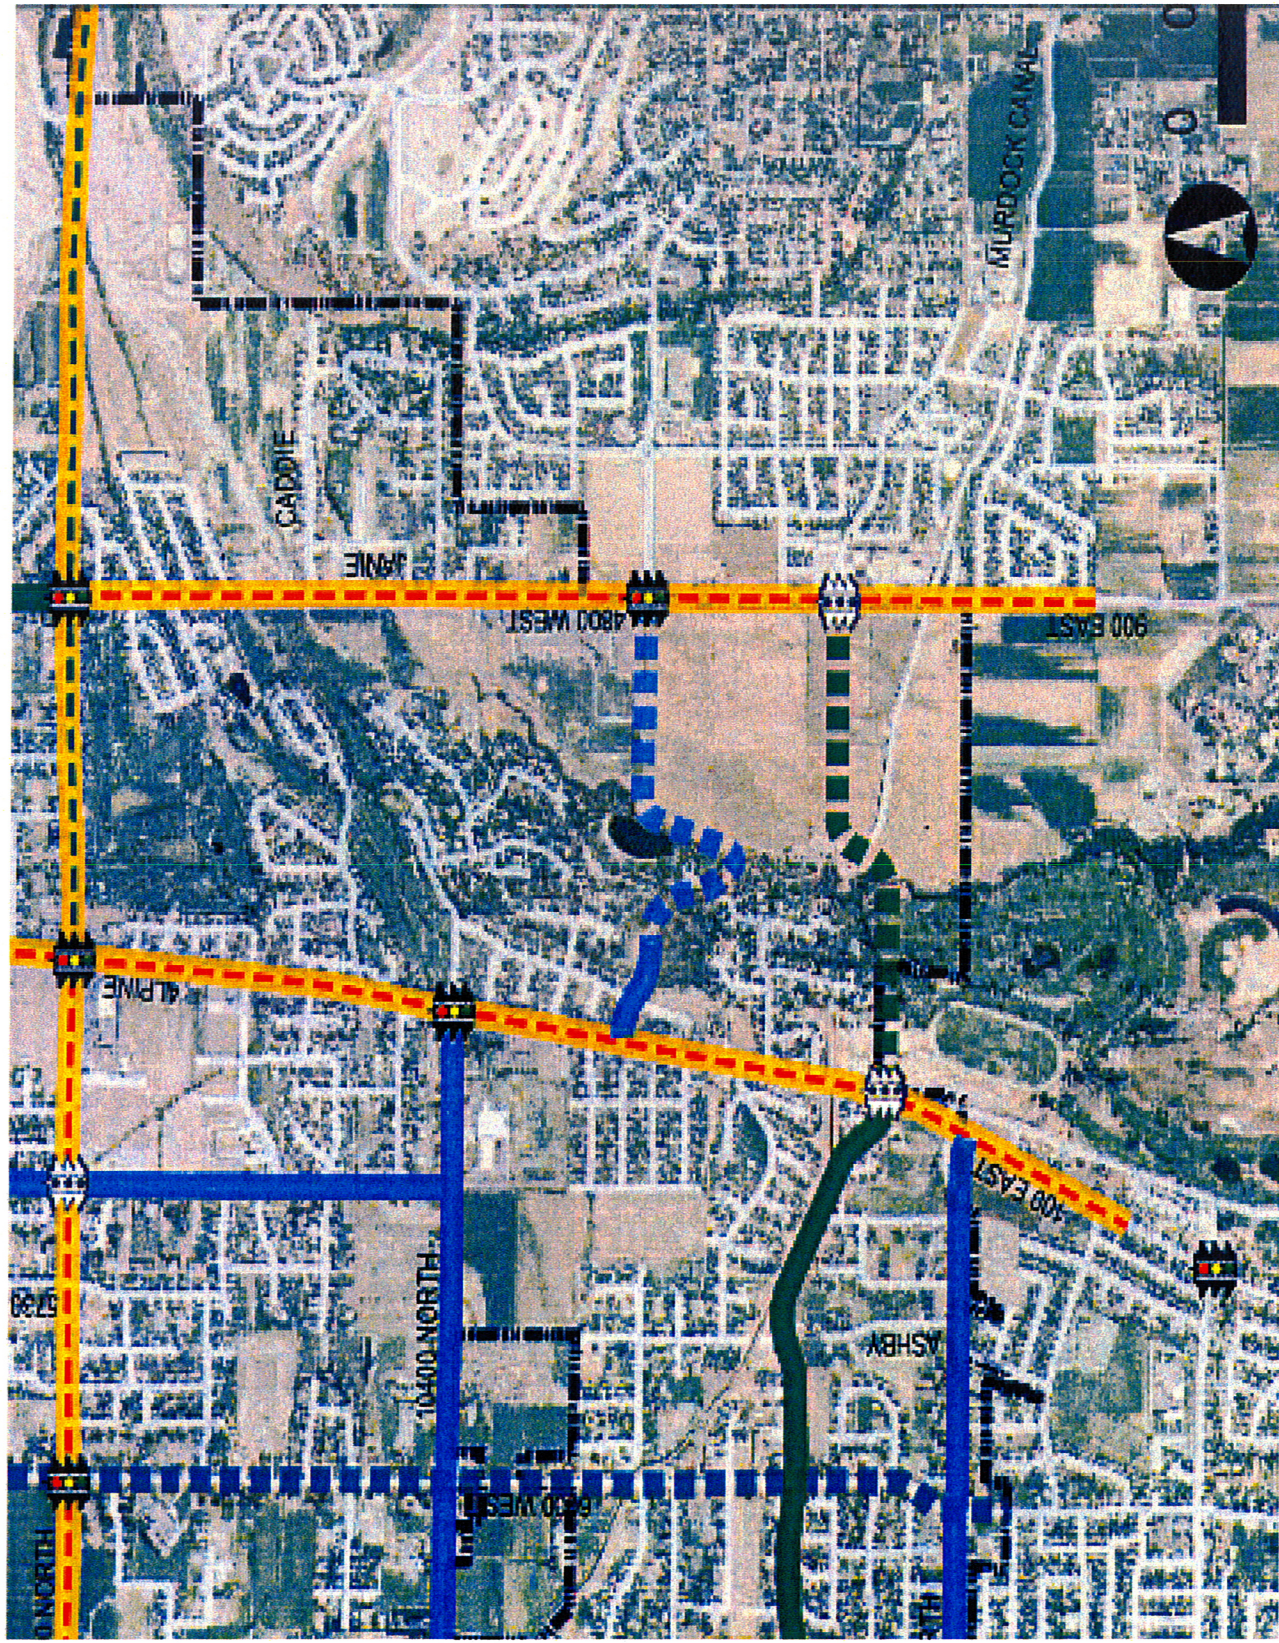

A copy of the proposed amendment is available for review at the City Hall located at 5400 West Civic Center Drive, Highland or at www.highlandcity.org. If you have any questions regarding the amendment, I can be reached at (801) 772-4515 or at nathanc@highlandcity.org.

Sincerely,

Nathan Crane, AICP
Community Development Director
